

A SUMMARY FOR CHURCH LEADERS

Your church has something worth sharing.

Everything Sunday Websites offers, what it costs, and why churches choose us to help them show up online with clarity, warmth and purpose.

sundaywebsites.com · hello@sundaywebsites.com

WHY THIS MATTERS

People visit your website before they visit your church.

When a site feels old or hard to use, it can quietly say your ministry isn't ready for them. These are the three challenges we see again and again, and they are all solvable.

An outdated website

People visit your website before they ever visit your church. When it feels old or hard to navigate, it can quietly say your ministry isn't ready for them.

No content plan

Staying consistent online is hard for a busy ministry team. Without a clear system, content gets skipped or scattered.

No one to call after launch

Too many churches are left on their own once a site goes live. Your digital presence deserves ongoing care, not a one-time handoff.

WHO WE ARE

Built by people who understand ministry.

Sunday Websites is your digital discipleship partner. We help churches show up online with clarity, warmth and purpose, so the people you are called to reach can actually find you.

WHAT WE OFFER

Everything your church needs to grow online.

Five services that work together, so your team gets a clear website, a steady flow of content and the confidence to manage both. Prices for each follow on the next slides.

- 01 Website design and development**
Warm, clear and easy for your team to manage.
- 02 Content repurposing**
One sermon, a whole week of content.
- 03 Content strategy and systems**
A plan built around how your team works.
- 04 SEO and analytics**
Help people searching for a church find yours.
- 05 Team training**
Equip volunteers to lead with confidence.

Website packages, built once, built to last.

Pay once for a custom WordPress site, with launch, handover and team training included.

Website retainers, built to keep your site maintained.

Optional. Add a monthly retainer to any website package and we keep it secure, updated and online while you focus on ministry.

ESSENTIAL MAINTENANCE

Care

From **\$250** USD / month

The basics, handled: online, updated and backed up.

- Hosting and uptime monitoring
- Security updates
- WordPress, theme and plugin updates
- Monthly backups

Best for

Churches that only need the site kept safe and online.

MAINTENANCE + UPDATES

Nurtured

From **\$400** USD / month

We keep your website secure, updated and online, so you can focus on ministry.

- Hosting, uptime and daily backups
- Security updates and malware scans
- WordPress, theme and plugin updates
- Up to 1 hour of site edits a month
- Priority support by email

Best for

Churches that want us making their site updates each month.

CARE + CONTENT

Most complete

Flourishing

From **\$850** USD / month

Site and content together, with reporting and strategy calls.

- Everything in Nurtured, plus:
- Starter content plan (2 pieces a month)
- Monthly SEO and analytics report
- Up to 3 hours of updates a month in total
- Quarterly strategy review call

Best for

Churches that want the website and the content looked after.

Rooted includes your first month of Nurtured, and Harvest includes your first three months of Flourishing.

Content plans, built around your sermon.

Separate from your website. Each plan gives you a set number of pieces every month to spend on any of our nine content types. Change or cancel whenever you need to.

Reading plan

A one-time \$200 voice setup applies to new plans and is waived on a 3-month commitment or annual prepay. Pay annually and save 10%. Already on Flourishing? Starter is included at no extra cost.

Extras, when you need them.

One-off services priced one by one, so you only pay for what your church needs.

SERVICE	PRICE (USD)	WHAT YOU GET
Digital strategy audit	\$350	A thorough written review with honest recommendations. Credited toward any website build.
Google Analytics setup	\$250	GA4 installed, goals configured and a simple dashboard. Included in Rooted and Harvest.
Extra web page	\$300	Each extra page is designed, built and added to your site when you need more than your package includes.
Team training	\$250	A 90-minute live session so your team can update the site with confidence.
Website updates	\$100 / hr	Small changes to your live site: events, staff, text and images. Included hours on Nurtured and Flourishing are used first.
Rush delivery	+25%	Your project moves to the front of the queue, added to the package price.

Not sure what your church needs?

Start with a consultation. We'll review your current setup and give you an honest recommendation, with no obligation.

A process built around how ministry actually works.

01

Book a consultation

We talk about where you are and share honest, useful feedback before we plan anything together.

02

Plan and build together

A clear plan made with you, then brought to life with regular updates and review points.

03

Launch and keep walking with you

We go live and stay with you well beyond launch day. A partnership, not a hand-off.

Not ready to book? Start with a free audit.

We review what you have and send you a written document within 5 business days. No pressure, no obligation.

WHAT IT COULD LOOK LIKE

Why churches choose Sunday Websites.

Built by ministry leaders

10+ years where digital design and local church ministry meet.

Clear, honest pricing

No hidden fees, no locked contracts and no surprises.

Easy for your team to manage

Handover and training so your volunteers can update the site themselves.

Care beyond launch

A partnership, not a hand-off, with retainers and support after you go live.

One sermon, a week of content

Content plans turn your weekly message into posts, devotionals and more.

Proven with churches worldwide

20+ churches helped across 6 countries.

“Sunday Websites understood our ministry from the very beginning. They built us something that truly reflects who we are as a church.”
